Dear Harold:

Forgive me for not acknowledging sooner your recent "Whitewash" - I am reading it with great interest and admiration for your patient zeal and excellent reporting. I can't help feeling your talent should be put to further use on another subject (?). I saw some of the TV coverage on Garrison and his response. I thought you'd be interested in the enclosed - in case you haven't seen it.

Do you ever think of coming to Pa. for a visit - you and Lil? Make it soon. Affectionately, Betty.
